

# DELANCEY STREET

## Philosophy

The rich, diverse signature of New York City's hustle and bustle is represented no better than here with the Delancey Street. The city's high voltage vibe bounces off the stores, the deli's and the bars in this neighborhood. It is here we take inspiration for a style that can stand out in any crowd. The P3 eye shape takes you places with the superior quality of the protective blue light aspheric lens technology. The shape turns up the volume a few notches when it's paired with the hottest colors of the season.
