

# BOBCAT

 **VTO AVAILABLE**

## PHILOSOPHY

Sweet in a good way, the scalloped brow pattern articulates the dynamic, second layer of color in the acetate. Feel the exclusive quality at hand when it glides on your face like silk over your ear. We love the flattering rectangle eye shape.

## SIZE

- 3 Barrel hinge
- Cutout embellishments
- OBE injection safety screws

## MATERIALS

- Premium acetate

## MINNESOTA LINGO

The bobcat (*Lynx rufus*), named for their “bobbed” tail, is the most common of Minnesota’s three native wildcat species. Over 2,000 bobcats live across northern Minnesota while sightings in southern Minnesota are still rare. Bobcats are the smallest of the Lynx family, but they can pounce up to 10 feet in a single leap and can sprint up to 30mph.
